Age: 21 Years Old

Major: Criminal
Justice

Minor: Business
Administration

About Me

I'm a senior here at UNR finishing my criminal justice and business studies. In free time I really enjoy hanging out with friends, doing new things, or just going out.

I love listening to music. I enjoy most kinds of music, but my favorite is indie/alt rock and pop. Some of my favorite artists are Radiohead, Smashing Pumpkins, The Strokes, or TV Girl.

I like playing and watching sports. I like to go snowboarding, play baseball and hockey. My favorites to watch are football and hockey.

I also really enjoy the car and motorcycle scene. I drive a modified Subaru WRX. I am working towards getting a Corvette and a motorcycle.

I also love to travel. I just recently went to Rome Italy. Some of my favorite places I've been are Jamaica, Italy, Cozumel, Mexico, and Vancouver, Canada.

TECHNICAL EXPERIENCE

I am comfortable using multiple softwares such as Excel, Word, PowerPoint, Outlook, Canva, and most POS systems, and various business programs.

My background in these word processing programs via my studies at college, through taking prior IS classes, and also using them daily for my career.

I am familiar with some photo and video editing software primarily through working with my dad for his photography business.

FUTURE

As of now, I am a store manager for the Handel's, an ice cream store. Right now I am on a trajectory to be a future regional manager and owner.

I may use the criminal justice aspect of my degree later in life if I find myself looking for something more 'fulfilling.' But as of now, my studies of business, are being applied to running my store now, and will be in the future of our franchise.

My goals are to be financially free to where I can support a family, drive my dream cars, and travel the world.
